This itinerary is ideal for guests who would like to combine an off-the-grid rainforest experience with some time to relax by the beach at the nearby Garifuna fishing village.

Our Bocawina Rainforest Resort is located inside the 7000 acre Mayflower Bocawina National Park and adjacent to the world famous 10000 acre Cockscomb Basin Jaguar Reserve. You will have four days at our unique eco-lodge in this remote jungle setting, and the opportunity to hand pick your daily adventures! After your time in the rainforest, you will spend three nights at a beachfront hotel at a small Garifuna village with plenty of time to swim, relax by the pool and wander the streets to catch the cultural vibe of Hopkins eclectic community.

Typical Daily Itinerary:

Day 1: You will be picked up at Dangriga Airstrip or our Dangriga Operations Base and travel 30 minutes “off the grid”. Bocawina Rainforest Resort is a true eco-resort in the middle of Mayflower Bocawina National Park. The lodge is powered by an array of solar panels and a seasonal small-scale hydroelectric generating station. Wi-Fi is available in the restaurant so you can share daily experiences with family and friends from this remote rainforest setting. Upon arrival, after a special orientation, you will have time to settle into the lodge and learn about the experiences that lie ahead in the surrounding mountains and rainforest. This itinerary gives you flexibility to pick from an extensive range of activities and excursions available on-site, off-site and within the national park. You can customize them to suit your activity level and interests. Consider starting off with the Rainforest Canopy Zip-line –an exhilarating ride with eight runs and a rappel! In the evening, join a guided nocturnal hike and witness first-hand the fascinating transformation of the jungle at night.
