Explore **Lighthouse Reef Atoll** - a tropical marine park and UN world heritage site fifty-five miles off the shore of the Belize mainland. This idyllic location is only accessible by boat charter, and it is where you will spend four memorable Belizean nights. Half Moon Caye is a protected island managed by the Belize Audubon Society. Our Adventure Basecamp is equipped with beautiful tent wall cabanas for your enjoyment. You'll have a choice of several guided reef activities, including special paddling and snorkeling excursions. Visit 'the Aquarium', Jacques Cousteau's legendary Blue Hole, or quietly observe a nesting colony of 4000 red-footed boobies. This trip is ideal for families, or traveling companions with mixed abilities and interests.

"Basecamping": sleeping in wall tented cabanas. These spacious safari style tents have ample headroom to walk around and are on raised wooden floors, with real wood-framed beds (6 inch foam mattress) configured with either double or single beds. All bed linen is provided.

Typical Daily Itinerary:

Day 1: To start the first day of your trip, you'll meet your Island Expeditions guide at 8:30 am in the lobby of the Belize Biltmore Plaza Hotel. Your guide will escort you to a boat launch for a motor charter to Lighthouse Reef Atoll. Imagine traveling by sea through mangrove ranges and white sand cayes before traversing Belize's predominant Barrier Reef. This seafaring journey will take you through the inner lagoons of Turneffe Atoll and 20 miles of open sea before reaching Lighthouse Reef Atoll. Your final destination is located at the furthest edge of the Belizean Reef System, 55 miles offshore and offers an experience you'll never forget. In ideal weather conditions, this motor charter takes approximately two hours. Upon reaching Half Moon Caye (an island at the southern end of Lighthouse Reef Atoll) your guide team will orient you to your newest island setting. After settling into your accommodations and having lunch in an open-air dining pavilion, you will be taught some key sea kayaking and paddling techniques by your guides. You'll then head out for your first sea kayaking and snorkeling adventure!

Accommodation: Half Moon Basecamp

Meals: Lunch, Dinner

Day 2 to 4: Early risers may want to go for a swim, do some yoga - or just grab a cup of coffee and watch the tropical sunrise. After a healthy Belizean breakfast, everyone gathers to plan the day's activities. The waters of Lighthouse Reef Atoll are exceptionally clear with a fabulously rich reef system, which offers some of the best kayaking, snorkeling, and diving in the Caribbean. Throughout your stay, you'll have an opportunity to try a variety of activities as you explore this remote and magical part of Belize. Snorkeling at the 'Aquarium' is often a favorite guest activity. This location has a profusion of tropical fish and towering coral formations uncommon to other locations. You'll also be taken on another snorkeling excursion to the renowned Blue Hole, made famous by the legendary explorer Jacques Cousteau. The Blue Hole is an underwater cave and sinkhole in the middle of the Lighthouse lagoon. In the mornings and evenings a favorite guest activity is to walk to the red-footed booby colony to watch the birds come in from the sea to feed their chicks.

Travel Notes: Due to the early morning check-in time, we suggest that you arrive in Belize City the day prior. For travelers leaving Belize after this trip, we strongly suggest spending a night in Belize City. International connections out of the country require a departure the next day.

This itinerary is a 'guide' and must remain flexible and open to changes at the trip leaders' discretion. We hope you bring a spirit of adventure with you, we cannot direct the winds but we can adjust our sails.
