Came with my wife and two children and we all had a fantastic time. I have to compliment Island Adventures on how well the trip logistics were handled - no waiting for transportation anytime on the trip, everything was like clockwork, and there were a lot of logistics to take care of! All the guides were knowledgeable and good company. The Belizean guides had the energy & enthusiasm of kids and were so good with ours.

This is one of our more adventurous trips. It takes place in remote wilderness regions of Belize. Weather conditions can affect water levels and may increase the level of difficulty or require itinerary changes. We also believe that the remoteness and variability of conditions are what make this trip the best of its kind in Belize.

This itinerary is a 'guide' and must remain flexible and open to changes at the trip leaders' discretion. We hope you bring a spirit of adventure with you, we cannot direct the winds but we can adjust our sails.
