The **Maya Reef Explorer** combines an inland adventure to Crooked Tree Wildlife Sanctuary with an excursion to Lighthouse Reef Atoll. View Belize's birds and wildlife on a boat tour through the Crooked Tree Lagoons. Tour the ancient Mayan ruins of Lamanai and Altun Ha. Visit Crooked Tree, one of Belize's oldest Creole settlements. After three days of inland exploration, you'll spend five days on Lighthouse Reef atoll. Lighthouse Reef is a remote tropical marine park and UN world heritage site fifty-five miles off the shore of the Belize Mainland. Stay on Half Moon Caye, a protected island that is managed by the Belize Audubon Society. Sleep in safari-style tent cabanas at our all-inclusive Half Moon Caye Basecamp. Enjoy a choice of flexible daily guided reef activities, including paddling and snorkeling excursions to 'the Aquarium' and Jacques Cousteau's legendary Blue Hole. This trip is ideal for guests who would like to visit Lighthouse Reef, and also experience Belize's tropical wetlands and ancient Mayan culture.

"Basecamping": sleeping in wall tented cabanas. These spacious safari style tents have ample headroom to walk around and are on raised wooden floors, with real wood-framed beds (6 inch foam mattress) configured with either double or single beds. All bed linen is provided.

*My husband caught 2 barracuda. The cooks then prepared the barracuda for our group for lunch and we were all able to share in the stories! Wonderful memorable experience thanks to these folks!
Bravo!*

Upon reaching our Half Moon Caye Basecamp, your guide team will orient you to your new setting and accommodations.
