Overview:

A unique opportunity to visit two coral atolls in one visit. Start with a stay at Belize's most remote island group at **Lighthouse Reef Atoll**, a UNESCO world heritage site and MPA. Next, explore **Bocawina Rainforest Resort** in the heart of the **Mayflower National Park** where you'll swim pristine jungle pools, zip-line through the rainforest and rappel a waterfall. At last, travel to our **Glover's Reef Basecamp** on Southwest Caye, also located in a marine protected area (MPA) and UNESCO world heritage site.

Lighthouse Reef: Due to its isolated location from the mainland, the waters of Lighthouse Reef are exceptionally clear with the most abundant fish populations in Belize. This rich ecosystem offers access to some of the best snorkeling and scuba diving in the Caribbean.

Glover's Reef: The least populated of Belize's atolls. This area is known to have some of the healthiest and biodiverse coral populations in the entire Caribbean. With over 800 accessible patch reefs, Glover's offers a truly incredible experience in the marine setting.

Basecamping: Involves sleeping in wall-tented cabanas. These spacious safari-style tents have ample headroom to walk around, are on raised wooden floors, and have comfortable wood-framed beds (6-inch foam mattresses). Tents can be configured with either double or single beds. All bed linen is provided.

Typical Daily Itinerary:

Day 1: Upon arrival at the Belize City International airport, you will be met by an Island Expeditions representative and transferred to the Belize Biltmore Plaza. Enjoy the central courtyard, pool, restaurant and bar facilities.

Accommodation: Belize Biltmore Plaza Meals: Not included

Day 2: We meet in the lobby at 8:30 am, and make way to our waiting motor boat charter. We travel by boat 56 miles out to sea, passing through mangrove ranges, white sand cayes, arriving at Belize's furthest island group, on Lighthouse Reef Atoll. Upon arriving at Half Moon Caye, your guide team will orient you to the island and camp to settle you into your accommodations. You will then enjoy a late lunch and then a session of sea kayaking and snorkeling instructions before heading out on the water.

Accommodation: Half Moon Basecamp Meals: Lunch, Dinner

Day 3-5: Due to its isolated location from the mainland, the waters of Lighthouse Reef are exceptionally clear with the most abundant fish populations and colorful coral reefs in Belize. This rich ecosystem offers access to some of the best sea kayaking and snorkeling (as well as scuba diving) in the Caribbean.

You will have ample opportunities to learn from our guides about the marine reef ecology, the local flora and fauna, as well as the island's coconut and littoral forest (more common to the interior of the mainland). Half Moon Caye is a beautiful and rich 45-acre nature preserve, hosting a red-footed booby colony as well as a magnificent frigate bird rookery. We tour the viewing platforms built by the Belize Audubon Society to observe the many nesting sites on the island.

Accommodation: Half Moon Basecamp Meals: Breakfast, Lunch, Dinner

Day 6: Choose your own adventure for your last morning on Lighthouse Reef! Grab a mask, snorkel, and fins for a final visit to your favorite coral reef spot or fly fish on the flats. Our boat returns to Belize City where we board a plane for a short 30 minute flight to Dangriga, and a short drive into the southern Maya Mountains. Situated in the middle of Mayflower Bocawina National Park, Bocawina Rainforest Resort is the perfect location to experience the broadleaf tropical rainforest and the amazing flora and fauna.

You'll start your trip by settling in and learning about the property and the experiences that lie ahead in the surrounding mountains and rainforest. You may want to sign up for the optional afternoon activities or a nocturnal hike.

Accommodation: Bocawina Rainforest Resort Meals: Breakfast, Lunch, Dinner

Day 7: Rise with the first light of day emerging through the jungle mist, and experiencing the sounds of the tropics is a pure delight, with the chatter of parrots and parakeets flying overhead. Finding a quiet spot to sip a coffee with binoculars close at hand is a sure way to soak in the essence of the rainforest.

After a hearty breakfast, we will make a quick stop to the adventure center and get outfitted with a harness. This exhilarating and invigorating hike to Antelope Falls carries us deep into the national park, past an unexcavated Mayan Ruin and up steep rainforest trails. We make a slow and steady pace up towards the falls, stopping to learn about the jungle flora and fauna from the guides.

At the crest of the hike, there is a rewarding cool off in the refreshing emerald pools at the top of the falls. From the top of the hill, we can see past the lowland savannah to the Caribbean sea. Just a breathtaking setting. After a break, the guides set us up to rappel down Antelope Falls. This is optional and highly recommended for those looking for a thrill. Guests are welcome to hike back down rather than rappel down. We hike back to the restaurant for our pre-ordered lunch.

Note: Antelope Falls is a 2 pitch, 250 foot drop. A minimum of 100 lb per participant. An alternative for families with children and those looking for a less strenuous experience, we recommend Bocawina Falls hike and rappel.

Accommodation: Bocawina Rainforest Resort Meals: Breakfast, Lunch, Dinner

Day 8: Day eight is completely flexible. You can stay close to the lodge or follow a trail to a favorite pool or waterfall. The Mayflower Bocawina National Park is a haven for hiking enthusiasts, offering a captivating network of trails for various skill levels. The park features the family-friendly Bocawina Falls Trail or the Bird Loop, ideal for a leisurely hike. Adventure seekers can test their limits on the strenuous Big Drop Falls trail, leading to a spectacular waterfall.

Accommodation: Bocawina Rainforest Resort Meals: Breakfast, Lunch, Dinner

"A very well organized vacation; guides adapted to weather, provided lots of options for activities each day, allowed us to make decisions about what we wanted to do, and provided alternatives each day; staff throughout the trip were very pleasant, and skilled at their jobs. I really appreciated their understanding of the information they shared with us and their obvious enthusiasm for their job.
